

FAQ – Google Classroom Assignments

Q: What do Google Classroom assignments do?

A: Put simply, they share resources from Carolina Science Online with students in Google Classroom.

Q: How do I create Google Classroom assignments on Carolina Science Online?

A: Click the Google Classroom button on each resource. Google Classroom will take it from there.

Q: Do I need to enable pop-ups?

A: Yes, both student and teacher will need to allow Carolina Science Online pop-ups to utilize CSO resources. Here are helpful support links for popular browsers:

[Chrome Pop-ups](#)

[Firefox Pop-ups](#)

[Safari Pop-ups](#)

[Edge Pop-ups](#)

Q: Where do I review/grade assignments?

A: Student work is available on Carolina Science Online (CSO). Visit 'Assignments' after you sign in to explore available assignments.

Q: Can I assign more than 1-resource at a time?

A: No, currently each resource must be assigned separately.

Q: Do my students have to login to a separate service/application?

A: No, students open the resource from Google Classroom for immediate access.
